

HOTEL BONAVENTURE MONTRÉAL
900 RUE DE LA GAUCHETIÈRE O,
MONTRÉAL, QC H5A 1E4

Topic of Discussion

Advancing in Today's World.

Innovation has always been important in our industry, and during one of the largest economic crises in history, being prepared to pivot, adapt, and embrace change is crucial. This year we explore the impact of new health and safety protocols, the shift from in-person to a digital world and its effects on forging new relationships, the role of cybersecurity on the rail industry, and adapting to the new normal as things reopen.
